

Ninad Milind Sali

Teamcenter PLM Developer

Pune, India | +91 9673282388 | ninadsali@outlook.com | <https://ninadsali05.github.io/Profile-NS/>

SUMMARY

Teamcenter PLM Developer with 3 years of experience in customization and configuration of Siemens Teamcenter solutions. Strong expertise in BMIDE, ITK development, Active Workspace configuration and customization. Proven ability to automate workflows and build scalable PLM utilities to improve operational efficiency.

TECHNICAL SKILLS

Teamcenter Modules: Structure Manager, Organization, Access Manager, Query Builder, Workflow Designer, PLM XML, Reports Builder, Preferences

Customization: BMIDE, ITK, AWC

Integration: SOA, CREO

Programming: C++, HTML, JavaScript

Database: SQL

Tools: Visual Studio, Github, CREO (CAD)

OS: Windows

R&D / Engineering: DFMEA, 2D/3D CAD, Requirements Management, Agile Methodology

PROFESSIONAL EXPERIENCE

Knorr-Bremse Technology Centre India Pvt. Ltd. – Pune

July 2023 – Present

PLM Developer

- Developed and maintained ITK-based custom utilities for Teamcenter automation.
- Implemented AWC customizations to enhance user experience and meet business requirements.
- Worked on BMIDE configuration for custom objects, properties, and relations.
- Supported PLM enhancements, bug fixes, and deployments in production environments.

Knorr-Bremse Technology Centre India Pvt. Ltd. – Pune

Jan 2023 – July 2023

Engineering Intern (R&D)

- Assisted in DFMEA (Design Failure Mode and Effects Analysis) for brake system components.
- Provided CAD support using CREO for design modifications and 3D modelling tasks.
- Supported requirements management activities — capturing, tracking, and validating engineering requirements.
- Collaborated with cross-functional teams to ensure design compliance working in a scrum.

PROJECT EXPERIENCE

CLIENT: KNORR BREMSE

Projects	Details
Upgrades	TC2406 → TC2412 TC2412 → TC2506
CAD Integration	Involved in CREO integration with TC PLM using integrators at GTAC Siemens support
BMIDE	- Created IPN for plant specific valves team - Defined a revision rule to be selected from LOV
Workflow Designer	- Developed an ECN workflow depending upon the PDC4 release gates - Consumed the OOTB handlers at respective tasks as per standard industry practices

ITK Customisation	- Automated pending tasks using a utility - Generated a report of items having project name in their title which included their parent assemblies, if not used in any assemblies, then deleted the items and listed out the deleted items
AWC Configuration	- Designed a new tile on the homepage which shows all users in the organisation - Created new workspace for internal quality team for audits
AWC Customisation	Added Change Management related commands on the explorer page: - Created a command and designed the panel - Added the action which calls TcSoaService

EDUCATION

Level	Pass out Year	College / University	Marks
B. Tech in Mechanical Engineering	2023	KIT's College of Engineering, Kolhapur	81.42%
12 th HSC	2019	The New College, Kolhapur	87.56%
10 th SSC	2017	MPVK, Sindhudurg	95.60%
